

WHAT'S GOING ON IN THE MARKETPLACE?

FOOD SUPPLY

- There is no shortage of product. The nation's food supply is strong. We continue to receive deliveries everyday to keep your pantry stocked.
- We encourage Minnesotans to remain calm and mindful as they shop. Buy smart and don't overfill your carts. Overbuying can prevent your neighbor from providing for their family.

FOOD PRICES

The recent unnatural cycle of customer demand has put tremendous pressure on certain products in our stores. Rest assured we are doing everything we can to provide you the products and prices you are used to having in your basket.

Minnesota Grocers Association

The Minnesota food industry remains steadfast in its commitment to consumers, careers, and community. As the leading resource for the food industry of the state, the MGA is proud to represent an industry who provides essential support to our communities in this time of need.
