

REUSABLE BAG ETIQUETTE

As Minnesota responds to the COVID-19 pandemic, everyone's health and well-being is a priority.

WE NEED YOUR HELP!

If you are a customer who brings their own reusable bags, we ask that you please consider the following:

MAKE SURE YOUR BAGS ARE CLEAN

According to the CDC, current evidence suggests that novel coronavirus may remain viable for hours to days on surfaces made from a variety of materials. The very popular reusable bag could be a carrier.

Reusable bags are machine washable. Cleaning followed by disinfecting is a best practice measure for the prevention of spreading COVID-19 and other viral respiratory illnesses.

BAG YOUR OWN GROCERIES

Team members all across the state are working double-time on the front lines and behind the scenes to meet customers' needs. With respect to everyone's concerns at this challenging time, if one of our team members request you to bag your own items, please help us out and know it is in the best interest of everyone's health and safety.

Minnesota Grocers Association

The Minnesota food industry remains steadfast in its commitment to consumers, careers, and community. As the leading resource for the food industry of the state, the MGA is proud to represent an industry who provides essential support to our communities in this time of need.
